## Embroidery:

We also offer embroidery from our off site workshop. This has a different price structure, we need to see the artwork to give an accurate cost. Embroidery has two costs: a digitisation charge against the first order and a sew charge, the prices of which vary according to the number of stitches used. A typical Front Left Breast embroidery is £2.88 ea. Digitisation is from £36.00. A minimum order of nine garments applies.
